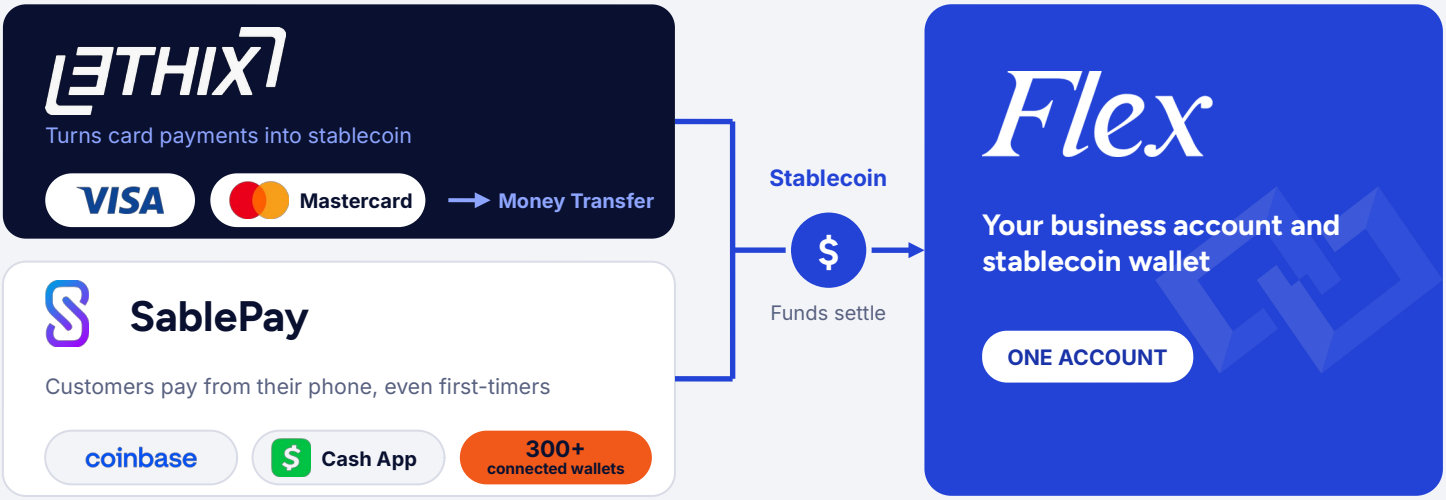
PayRisk Partners

One payments stack for complex merchants.

We prepare your business, match you to the right partner and keep you processing.

HOW THE MONEY MOVES



One flow. Accept cards and wallets. Settle in stablecoin. Hold it all in one account.

THE ACCOUNT

Flex

Available through PayRisk Partners

PROBLEM SOLVED

Complex and peptide merchants struggle to keep a stable business account.

THE VALUE

A business account and stablecoin wallet that works with RUO peptide merchants. FDIC-insured banking through Column Bank, no account fees.

RUO peptide friendly | Stablecoin wallet | Capital as you grow

ETHIX

Solves Processors that decline or freeze complex merchants.

Value Accept cards and settle in stablecoin. Also bank, ACH and wire.

SablePay

Solves No easy way for customers to pay with crypto at checkout.

Value Wallet payments online, in person and by QR code.

PayRisk Partners

Providers make their own approval decisions; PayRisk Partners does not guarantee approval and may receive referral compensation from partners. Flex is a financial technology company, not a bank; banking services by Column N.A., Member FDIC. RUO means research use only; account availability is subject to Flex underwriting and approval. Financing is subject to approval. Logos belong to their respective owners.
